

Welcome to Our School's First Newsletter

Dear Parents,

Wishing you all a Happy New Year!

It gives us immense pleasure to launch the first edition of our school's newsletter—a platform to connect, share, and celebrate the journey of our school community. At the heart of our mission lies a deep commitment to providing your children with a holistic and enriching educational experience. We understand that education is more than textbooks and exams; it's about creating an environment where children thrive, learn, and grow with confidence.

Commitment to Quality Education

Our school is dedicated to delivering education that nurtures curiosity, creativity, and critical thinking. We follow a comprehensive curriculum designed to build a strong foundation in academics while fostering essential life skills. Our dedicated teachers bring a blend of experience, passion, and innovation to the classroom, ensuring every child is given the opportunity to excel.

Infrastructure Designed for Excellence

We believe that the environment in which children learn plays a significant role in their development. Our state-of-the-art infrastructure has been thoughtfully designed to provide a safe, comfortable, and inspiring space for students. From spacious classrooms to well-equipped laboratories and library facilities, every corner of our campus reflects our vision of excellence.

Harnessing the Power of Technology

In this fast-paced digital world, integrating technology into education is no longer an option—it's a necessity. Our classrooms are equipped with modern technological tools to enhance learning, including interactive smart boards and digital learning resources. These not only make lessons engaging but also prepare students for a future driven by technology.

A Collaborative Journey

We recognize that parents are integral partners in this educational journey. Your active involvement and support are invaluable in shaping a thriving school community. Through this newsletter, we aim to keep you informed about school events, student achievements, and initiatives, and to provide insights into your child's learning experience.

As we embark on this exciting journey together, we look forward to your feedback, suggestions, and continued support in making our school a hub of excellence.

Warm regards,

Principal

Embodiment of Grandeur.....

- **Smart Classrooms:** Large, spacious, air-conditioned smart classrooms with an interactive layout and comfortable seating arrangement.
- **Coeducational English Medium School:** A coeducational day boarding school offering quality education with well-qualified, trained, and experienced teachers.
- **Excellent Teacher-Student Ratio:** Personalized attention to students through a balanced teacher-student ratio.
- **Advanced Computer Labs:** High-tech computer labs supported by a resource room for staff and students.
- **Focus on Learning Outcomes:** Emphasis on concept formation, skill development, regular revision, and recall strategies for enhanced learning.
- **Specialized Labs and Activity Rooms:** Well-equipped science labs, a social science lab, a mathematics lab, along with dedicated spaces for dance, arts and crafts, and a play station for kindergarteners.
- **Inclusive Education:** Facilities and resources to support specially-abled children, fostering an inclusive learning environment.
- **Technology Integration:** High-quality, user-friendly technology integrated at all levels to stay aligned with modern educational trends.
- **Sports Facilities:** Comprehensive sports infrastructure, including badminton, basketball, lawn tennis, skating rink, football, and more, with trained coaches.
- **Safety and Security:** CCTV surveillance for campus security. Fire safety provisions across the school. The infirmary is equipped with a trained nurse. GPS-enabled buses with female attendants on board for secure transportation.

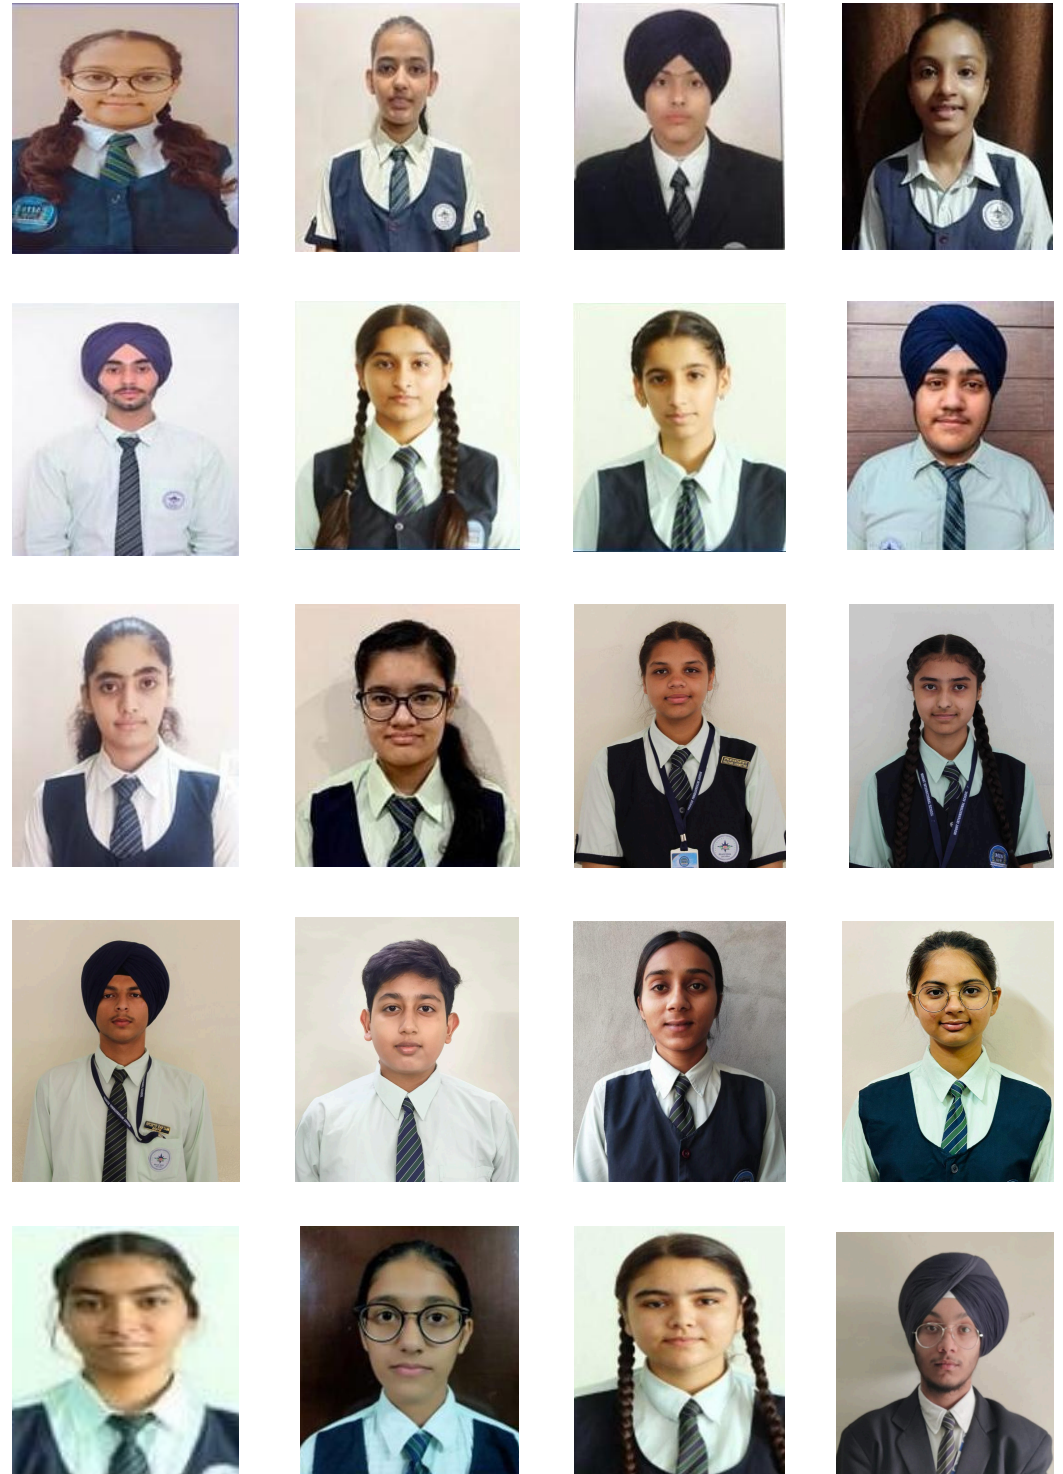

Academic Excellence

Enhancing Educational Excellence

Two-Day Teachers Workshop on School Quality Assessment and Assurance Framework (SQAA)

Our school organized a comprehensive two-day workshop focused on the School Quality Assessment and Assurance (SQAA) framework. The workshop was graced by the esteemed Resource Person Mr. Harish Rawal, Vice President of VIBGYOR group of Schools, a highly knowledgeable and respected expert in the field of educational quality enhancement. Mr. Rawal's deep expertise and practical guidance provided us with a clear path to elevating our school's effectiveness and overall student experience.

Workshop on 'Effective Teaching Techniques'

School has conducted a workshop called 'Effective teaching techniques' on June 27, 2024 led by Mr. Ali Zama to enhance the teaching effectiveness of faculty with a good grasp of the subject matter. Besides, this workshop has examined a few key concepts which are broadly acknowledged and recognized as being compelling in moving forward the educating and learning handle, and which can be practised effectively in the commonly utilized lecture-based approach of educating.

Workshop on Storytelling as Pedagogy

Dr. Navneet Kaur principal of SGHP School conducted an enriching workshop on story telling as pedagogy. It focused on innovative use of story telling in teaching.

Sahodaya Competition

First in Hindi Doha Chanting

Praval Kaur (VI) secured 1st position in Hindi Doha Chanting Competition by competing against students from 15 schools.

First in 3D Science Model Making

Harshbir Singh and Ishrat Singh (Grade XII) secured 1st position in CBSE SAHODAYA Inter-school 3D science model competition

Sports Achievements

Chess: Parikshit Rattan (U-9) secured 3rd Position overall and 2nd position in Boys category at the Punjab State Chess championship, qualifying for Nationals.

In the LSSC Chess Tournament, Praval Kaur (Grade VI) secured 1st Position, and Gunnant Bhardwaj (Grade VIII) achieved 3rd Position.

68th Punjab School Games:

- Chess** U-14 Boys Team secured 3rd Position (Zonal); Gunnant Bhardwaj earned 2nd Position (District).
- Basketball** U-17 Girls Team achieved 3rd Position (Zonal) and three players secured 3rd Position (District).
- Karate** Our team won 15 medals (5 Gold, 5 Silver, 5 Bronze) in U-14, U-17, and U-19 categories.
- Hosted District Level Karate Competition:** Multiple students qualified for State level and won medals.
- Shotput** Aishpreet Kaur and Irbanpreet Kaur won Gold Himanishveer Singh won Silver.

• **Discus Throw** Irbanpreet Kaur and Hitkiran Kaur secured Gold ; Himanishveer Singh won Silver.

• **Javelin** Prabhjot Singh and Hitkiran Kaur won Gold ; Aishpreet Kaur secured Silver.

Khedan Watan Punjab Diyan:

- Volleyball** U-14 Boys Team secured 2nd Position (Block Level).
- Football** U-14 Boys Team won Silver (Block Level); five players advanced to District level.

CBSE Cluster Games:

- Chess Team** U-11 Boys secured 5th Position.
- Badminton:** U-14 Boys and Girls Teams both secured 3rd Positions.

The Pillars of Excellence!

Technology Integration in Education

Technology plays an essential role in transforming education by enhancing learning, teaching, and administrative processes. Here are several ways in which technology is integrated at Mount International School:

Smart Classrooms: Smart classes at MIS integrate technology with traditional teaching methods. School utilizes interactive whiteboards, digital boards, projectors and screens and educational software i.e. embibe which helps to analyze student performance data, identify learning gaps, and suggest personalized learning paths.

Well-Equipped ICT Labs: Our ICT labs are designed to meet the diverse technological needs of students, fostering practical learning in a digitally driven environment.

Coding: With the growing importance of digital literacy, MIS offers coding classes. Platforms like Scratch, Code.org, and Tynker are often used to introduce students to programming.

Robotics and 3D Printing: Our school has integrated robotics and 3D printing into the curriculum, encouraging students to explore innovative technologies and develop hands-on problem-solving skills for the future.

Video Conferencing and Remote Learning: In the post-pandemic era, video conferencing tools like Zoom, Microsoft Teams, and Google Meet became an essential part of education in our school. These tools helped in taking extra classes during holidays.

Cloud Storage and Collaboration: Cloud-based tools like Google Drive, Microsoft OneDrive, and Dropbox enable students and teachers to store and share files easily. Collaborative tools such as Google Docs allow students to work together on projects, improving teamwork and communication.

School Management Software: School also employ technology for administrative tasks like student enrollment, attendance, timetable management, and report card generation. We have our own school app i.e. edusecure which allows parents to track their child's performance, communicate with teachers, and stay updated with school activities. It allows teachers to fill all the students data i.e. results, attendance and homework.

GPS System in Buses: To ensure student safety and provide real-time tracking, all school buses are equipped with GPS system, enabling parents and school staff to monitor routes and timings effectively.

Cybersecurity and Digital Safety: With the increased use of technology, it is essential to ensure students' digital safety. Our school also focuses on educating students about online frauds and safety, ethical use of technology, and digital scams by organizing workshops for the same.

Technology in MIS is not just about integrating modern tools into the classroom, but it also empowers students with the skills required for the digital age. By embracing innovative educational technologies, MIS aim to provide a more engaging, personalized, and efficient learning environment for students.
